I would first like to say thank you for taking the time to review Sarahi House of Fashion's Jeans Collection. My passion as mentioned is designing couture. However, after buying jeans that never fit correctly (I had to constantly pull and tug to get them on), I wanted to be able to own a pair of jeans that would go on easily with a comfortable fit. This led me to designing and creating the following two patents for our *Signature Collection* and *Curves Collection* branded as, "The Absolute Perfect Fit."

These amazing jeans come in two different cuts. The *Signature Collection* is the higher brand and is currently made in Italy. The signature collection was our first collection. The *Signature Collection* has a V cut which is shaped like a V in the front rise and a high-back rise that helps to eliminate the unwanted cracks. The V cut can either be a low v or a high V shape and comes in sizes 00 to 12. After the rave reviews, many women asked us to make the design more affordable. So we introduced the *Curves* collection which is currently being produced in China. The *Curves Collection* has a C cut which is somewhat similar to the V cut. However, the front is more of a circular shape with the C opening up at the waist. This can also be either a low c or high C cut in the front rise. The C cut comes in sizes 00 to 26, giving the plus size woman comfortable, well-fitted jeans.

It is my desire to launch the line nationally with an anchor store that will give me the opportunity to reach all women.

Fashion bloggers and marketing editors, including Sarah Conly of InStyle gave the jeans great reviews. The women that try the jeans on do not want to give them back. Our patented collections are not your typical pair of jeans. We believe our unique cuts and styles will be popular for women across the US. These styles create instant acclaim the moment you try them on.

Women of all shapes, heights, and sizes are absolutely raving over Sarahi Jeans with a personal tailored feel to fit. The jeans are designed in an array of colors and patterns for the chic, style-maven woman. These jeans are not magical but they come surprisingly close. We guarantee she'll absolutely love the feel & fit! It's simple, they are, "The Absolute Perfect Fit."

Sincerely

Suzette A. Kelly
